The **Travel Abroad Program** is specifically designed for people traveling to several different cities and countries with specific arrival dates. A customer service representative is assigned to ship your material according to your arrival date and itinerary. We closely monitor your material through customs, completing all paperwork and paying customs duties, if assigned. We will work with your hotels or destinations to ensure acceptance and delivery of your material.

With **Air Concepts USA**, materials are picked up directly from your location. If you have any questions or specific requests for international mail or courier, please feel free to contact our office.
